I make sure to collaborate with my peers and make sure the task at hand is completed. Time is of the essence so i make sure to plan and make outlines of how i will tackle problem's to better prepare myself. I try to assume the leader position, in this way i make sure that my leadership is shown in my partners/ peers. As well as always ensuring a safe, productive and fun environment. I always try to learn new things and strengthen my skills. It is important to always try to learn because knowledge is power. It is important to always try to learn new skills and strengthen your mind. We should always seek exponential growth and always show resilience and discipline.

## EXPERIENCE

### **Mcdonald's: 9007 Annapolis Rd, Lanham MD (20706)** — *Crew Member*

April 2022 - Aug 2023

I would work in a team ensuring all food got to the customers fast and correct. I would make sure the establishment was clean and up to standard. I tried to always bring a fun, safe environment and ensured i was always being efficient and effective in everything i did.

- I prepared food orders in a timely fashion.
- Portrayed effective use of kitchen machinery as well as maintenance & operations.
- Effectively managed kitchen space to ensure a safe/secure environment.

### **Chick-fil-A: 50 S Main St, Salt Lake City UT (84101)** — *Crew member*

February 2024 - Current

I am currently working at Chick-fil-A. I am showing effective communication to my crew members and the customer's. Making sure to get the customers order to them fast and correct. Making sure to de-escalate situations if need be. Ensuring that both sides always end off with the best alternative.

- Communicating to guests making sure that hospitality is my top priority
- Properly sanitized and managed the establishment, ensuring that food safety guidelines are met.

## EDUCATION

### **Neumont College of Computer Science: 143 S Main St, Salt Lake City UT (84102)** — *Bachelor of Science in Software Engineering* (CURRENTLY ENROLLED)

SEP 2023 - Current

I am currently learning about how to become an efficient and effective coder. Learning skills that will help me in the field that i plan on making my career. This college has taught me so much for the limited time i have been here so far. I have learned new languages from scratch and can build and deploy basic applications. I have worked with others and have learned methods and systems that will help me thrive in group projects and help me become a perfect candidate for employers.
